Dear Ms. Stewart:

Here is a copy, as promised, of the first draft of the report section covering non-commercial service airports. The financial data is not reviewed yet, or compared with other regional airports as planned for my report.

The textual presentation is all I have at the moment, and I wanted to get your input. Any comments that you consider to be helpful in clarifying or completing this section are gratefully appreciated. Perhaps I have excessively simplified the processes in an effort to be concise, or misinterpreted my notes from the interview. Any such errors are easily corrected, and I do wish to be as accurate as possible.

I would like to thank you again for the time you and your staff have given in consideration of this project. If you or members of your staff would like to review the entire paper I would be happy to submit it for your perusal.

Sincerely,

Colin English
